

CERVO Mountain Boutique Resort, Zermatt

CERVO Puro

The new design gives the CERVO Puro a cosmopolitan touch, without losing anything of the atmosphere of the cosy mountain chalet.

The restaurant serves mainly regional and sustainably sourced products turned into delicious dishes combining a native Alpine character with Northern Italian influences by in-house recipes.

The CERVO bar | lounge offers the cosy atmosphere in which to enjoy a relaxed aperitif or digestive. The CERVO Mountain Boutique Resort can be reached comfortably in a 10-minute walk from the centre of the village. The lift at the valley station at Sunnegga Express is available for the ascent.
